Zadeva: TR: question regarding Poodles

Dear Lidija

As you have seen, we have referred your question to the SCC (about Poodles), France being country of origin of the breed and owner of the breed standard.

The requirements to be national champion are left to the discretion of the countries. Several countries do not require working test while the FCI Nomenclature does. FCI requirements are for the title of CIB.

Hope that you are all right !!

Best regards

Y.De Clercq
FCI Executive Director
